% 70 sertlik seviyesinde 7 kg çamaşır için DS = ?

if(CM='Orta' AND CS='Sert') Then DS=Yuksek

if(CM='Agir' AND CS='Normal') Then DS=Orta

$$\frac{1000-x}{0.33} = \frac{1000-800}{1} \implies 66 = 1000-x \implies x=934$$

$$\frac{x-400}{0.33} = \frac{600-400}{1} \implies 66=x-400 \implies x=466$$

$$\frac{(f1*w1) + (f2*w2)}{(w1+w2)}$$

$$\frac{(0.33*934) + (0.33*466)}{(0.33 + 0.33)}$$

$$\frac{308.22 + 153.78}{0.66} = 700$$
